## Heat Very Trying to Women's Nerves

They Neglect Their Bowels and the Poisons Vitiate the Blood.

Hot weather has a very weakening effect on women. They are too languid to exercise, and as a result have appetite for foods that seem light and tasty, such as salads and other concoctions. But these frequently produce indigestion, and with it comes constipation.

It is especially in hot weather that women should keep up the highest standard of health, for it is necessary to have strength to resist the heat. The first essentials are good digestion and regular bowel movement, and then good red blood and steady nerves will follow. The best way to obtain these is not by an over-indulgence in laxatives, but by the use of a gentle and pleasant-tasting bowel stimulant like Dr. Caldwell's Syrup-Pepsin. Use it tonight and your constipation, indigestion and sick headaches will vanish by morning.

Mrs. Henry Mosier, 2958 Lee Ave., Chicago, uses it herself and gives it to her children, and Mrs. A. C. Caldwell, Denver, Colo., was once pale and sallow-looking, but now has a pretty complexion, and naturally they are great believers in the value of Syrup-Pepsin as a reasonable laxative- tonic. It can be obtained of druggists at fifty cents and one dollar a bottle, the latter size for family use. Its tonic properties make it an ideal laxative for women and children. You will never again use strong cathartics, purgatives and salts after trying Dr. Caldwell's Syrup-Pepsin.

Frances wishing to try a free sample bottle can obtain it, postpaid, by addressing Dr. W. B. Caldwell, 418 Washington St., Monticello, Ill.
